

Justice for Berta in Honduras

To Oscar Chinchilla, Attorney General of Honduras:

We, the undersigned, are deeply concerned by flaws and delays in the investigation of the March 2016 murder of human rights defender Berta Cáceres. Impunity is a green light for more killings of human rights defenders. A respected independent, international legal team has reported evidence implicating high-level business executives and state agents. **We call on you to ensure that EVERYONE behind the killing of Berta, including those who gave the orders and logistical support, are found and brought to justice.**
