Amnesty International Canadian Section (English Speaking) Competency Framework Survey for Candidates to the Board

This self-assessment survey tool has been developed by the Nominations Committee to help in the process of identifying individuals with the relevant skills, experience and behaviours to serve as elected Board members of Amnesty International Canada.

The tool will be used to assess the competencies of both the existing Board and all candidates for election. The competencies reflect behaviours, skills and knowledge required for effective functioning at Board level. Some of the competencies are very specific to Amnesty International itself, while others are typical for Board level functioning in any large organisation. It is not expected that every individual Board member or nominee should be able to demonstrate a high proficiency in every area, but rather that the 10-member Board as a whole embodies the knowledge, experience and skills listed.

In practice you may have developed competence in a number of different ways, e.g. formal academic or professional training and qualifications; on the job experience in either paid or voluntary roles; or through self-development. For this reason, we ask that if you click on the higher end of a competency (i.e. you click on the 3rd or 4th option), you elaborate on your experience. Please note that for the 2019 Board, we are particularly looking for candidates with the following priority competencies: tbd.
