Mexico: Address Human Rights Crisis

For more information on this petition please contact: kprice@amnesty.ca

To: Enrique Peña Nieto, President of Mexico

Mexico is experiencing a grave, escalating human rights crisis. Reports of disappearances, torture, violations of Indigenous rights, violence against women, and attacks on journalists and human rights defenders have multiplied exponentially in Mexico during your administration amidst lack of investigation, justice or effective protection of human rights.

We urge you to act decisively to address this crisis by ensuring implementation of the recommendations of UN and OAS human rights experts. We also urge strengthened protection for the courageous, dedicated Mexicans who risk their lives to speak up and defend human rights.
