

HUMAN RIGHTS IN AFGHANISTAN

To: Taliban de-facto authorities

Since taking over on August 15, 2021, Taliban de-facto authorities have systematically dismantled key institutions for human rights protection, clamped down on freedom of expression, association, fair trial, and other rights.

We call on you to:

- Immediately end gross human rights violations taking place in Afghanistan, including reprisal killings and attacks on ethnic and religious minorities, women and girls, LGBTI people, human rights defenders, civil society members, judges, lawyers, former government officials, journalists, and others
- Grant women and girls their full spectrum of rights including access to education for girls of all ages by immediately re-opening all schools and universities, ensuring access to healthcare, and allowing women to return to work.
