

## Canada: Call on Myanmar to end the campaign of Violence

## **Dear Minister Freeland**

Systematic and coordinated attacks against the Rohingya people in Myanmar have amounted to ethnic cleansing and crimes against humanity. Those who remain in Myanmar live under a system of institutionalized discrimination and segregation which amounts to apartheid. No one has been held to account for these atrocities.

Call on Myanmar authorities to end the campaign of violence, dismantle the system of apartheid and ensure free and unimpeded access to the country by the UN Fact Finding Mission, humanitarian actors, independent journalists and human rights monitors.

"They shot first and everyone started running from their houses".
