

CANADA: PROTECT EARTH DEFENDERS UNDER ATTACK IN LATIN AMERICA

To Foreign Minister Chrystia Freeland & International Trade Minister Jim Carr:

Earth defenders in Latin America face unprecedented attacks and killings. Safeguards are urgently needed to ensure the trade and investment Canada promotes in Latin America does not lead to further conflict and violence against earth defenders.

We call on you to ensure:

- Canada's trade and investment policy reflects commitments made to strictly adhere to and fully implement the UN Declaration on the Rights of Indigenous Peoples.
- No promotion of investment projects without meaningful consultation and the free, prior and informed consent of affected Indigenous peoples
- Accountability for companies that violate the human rights of earth defenders.
