

Canada: Rescind Safe Third Country Agreement with USA

To: Minister of Immigration, Refugees and Citizenship, Ahmed Hussen

The United States cannot be considered 'safe' for the purposes of refugee protection. People seeking asylum are sometimes imprisoned and held for months without access to lawyers or translators. Children are sometimes imprisoned and separated from their families. Some people are deported without having their claims heard.

I call on you to immediate rescind the designation of the United States as a 'safe' third country.
